The Four Way Test

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better friendships?
4. Will it be beneficial to all concerned?

Current News from Rotary International website:

Skyline Rotary is not alone in our concern with declining attendance and membership. What can we do to increase participation in club activities? And what can we do to increase membership in our club? Rotary International’s website article on March 1, “Your Voice, Your Solution for keeping your club alive.” is part of a problem solving forum for Rotarians to post comments, and solutions or club issues. Current problem: “ Your club’s future is in jeopardy: Attendance has been low, fewer members are participating in projects....” Sounds like a message we have heard from our leadership. Comments from fellow Rotarians on website included: “.. We are putting our friends, relatives, colleges and neighbors into Rotary. But later on we have failed put Rotary into them.” Suggestions included: rotation of meeting venue, increased communications and use of social media, great club programs and service projects that members and community have a passion for. Check out www.rotary.org for more ideas. Look for inspiration to become more involved in Skyline Rotary, “Your Rotary”.
